

Summary

With over 4 years of experience in Enterprise Performance Management (EPM) and certified as an Anaplan Solution Architect, I specialize in digital transformation and building models from scratch using best practices, driving strategic outcomes through comprehensive solutions. My expertise spans across use cases such as Sales Forecasting, FP&A, Budgeting, Supply Chain Management, and Incentive & Compensation Management. Additionally, I hold certifications in Data Analysis, [2x]AWS Cloud and AI and other EPM tools like board (level 2), enabling me to deliver robust, data-driven insights and solutions.
